

FIU's Wall of Wind Makes Landfall in Washington, D.C.

How can **policy + design**

yield safer, more disaster-resilient communities?

Issue Forum and Reception

**Wednesday, June 25, 2014
5:30 – 8 p.m.**

**National Building Museum
401 F Street NW
Washington, D.C. 20001
202.272.2448**

FIU | FLORIDA
INTERNATIONAL
UNIVERSITY

Florida International University, U.S. Senator Bill Nelson, Congressman Mario Diaz-Balart and the Members of the Florida Delegation

Invite you to a critical issue forum and reception that will address how federal, state and local policies, along with innovations in design can yield safer, more disaster-resilient communities.

A national leader in hurricane-mitigation research, FIU takes national stage with its one-of-a-kind hurricane simulator, the 12-fan Wall of Wind, an interactive feature of a new exhibition at the National Building Museum in downtown Washington, D.C.
